Name: _____ Phone: _____

ABOUT THE JOB: ECEC is a year-round community center and a summer tourist destination. More than 4000 people from across Oregon, other states, and even outside the country come to Elkton to visit the butterfly pavilion and Fort Umpqua or to join one of our summer events. While on site, they can buy a meal or drink in the café, plants from our nursery, and fresh produce from our garden.

You'll work closely with skilled adult mentors and other students in your work area to gain work experience and build job skills in customer service, tourism, business management and more. Thanks for applying!
