

Executive Director Opportunity

The Elkton Community Education Center (ECEC) is a cultural, educational and social oasis for all ages in rural Douglas County. We are looking for an *energetic, visionary* Executive Director to lead us into the future as we celebrate 25 years of community-building in Elkton. Join an enthusiastic team of nearly 100 volunteers supported by a small number of dedicated staff to ensure our vibrant rural community continues to thrive for future generations.

Spend your days on 43 acres along the beautiful Umpqua River surrounded by extensive gardens, a butterfly pavilion, community library, native plant park & nursery, one-acre produce garden, seasonal café, and a life-size replica of a historic fur-trading fort.

Our summer youth employment program provides rural young people with valuable job skills, setting them up for success in life. As the primary cultural organization in our area, we offer a wide range of art shows, workshops, outdoor performances, and historic reenactments influenced by our partnerships with Native American tribal educators.

The successful candidate will embrace our community's deep history while collaborating with local residents and businesses to address emerging needs in innovative ways, such as helping to expand our new Wellness Initiative to bring health and wellness services to our small town.

IF YOU

- are an experienced leader and a strategic, forward-thinking planner
- are an entrepreneurial, creative, and adaptable manager
- thrive in a collaborative environment
- develop trusting relationships and lead with the heart

Then, seize the opportunity!!
